

LGBTQIA+ & DISINFORMATION FOLKS

Funded by
the European Union

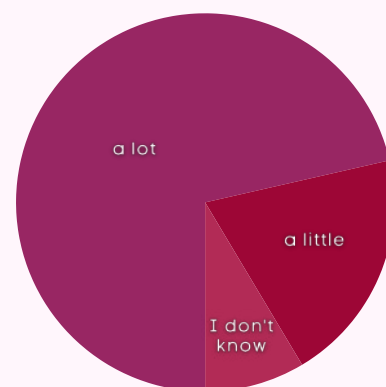

Data collected in the course of the RADAR Public Debate "Disinformation on LGBTQIA+ Persons", co-organised between the Trans European Policy Studies Association and the Institute of European Studies at the Jagiellonian University.

WHAT DO EUROPEANS MAKE OF DISINFORMATION AGAINST LGBTQIA+ FOLKS?

unlike in our other Public Debates, participants have greater trust in social media to provide accurate information...

... but they still recognise LGBTQIA+ folks are targeted by disinformation

no one disagreed with the statement that "disinformation against LGBTQIA+ folks is happening"

who should take the lead in tackling this issue?

92 % think national governments and NGOs, followed by the EU should take the lead
