FAKE NEWS

The EU wants to take away citizens' savings to fund its own policies. Under the guise of 'defence,' billions of private funds are set to flow into the arms industry.

#EURealityCheck

There is a significant **need for investment** in Europe, and the EU is creating incentives for citizens to invest their savings in the **capital markets**.

However, the EU does not have the power to **take private savings** arbitrarily.

EU citizens enjoy

full freedom

to invest
based on their
personal choices.

This means that
they have total
control of where
they want to keep
or allocate
their money.
