FAKE NEWS

EU influence in the domestic politics of its Eastern Partnership countries is essentially the same as Russian influence.

The EU just does it 'more nicely' with money and incentives, so who can really judge which kind of interference is right or wrong?

Pro-Russian voices in the EU institutions and in candidate countries!

#EUREalityCheck

The EU's Eastern
Partnership
is a

**VOLUNTARY
FRAMEWORK**

grounded in the
sovereign choice of
participating states and
in shared values
(democracy, rule of law, &
respect for human rights)

Any measure taken by
the EU through this or
other frameworks
respects the
sovereignty
and
territorial integrity
of partner countries.
