FAKE NEWS

Corruption is everywhere in Brussels and across the Union. Nevertheless, the EU still claims the moral high ground.

Source:

Recurring pro-Kremlin narrative and anti-EU messaging coming from within and outside of the EU, often tied to conspiracy movements.

#EURealityCheck

While corruption exists, Europe remains the

LEAST CORRUPTED

region in the world.

The EU's anti-fraud architecture (including the European Public Prosecutor's Office (EPPO), the European Anti-Fraud Office (OLAF), Eurojust, & Europol) ensures that infractions are adequately investigated & responsible actors are prosecuted.
